

POLISH-GERMAN WORKSHOP ON THE OPTICAL PROPERTIES OF NANOSTRUCTURES

Wrocław, 14–16 February 2011

Purpose

Exchange of ideas related to theoretical and experimental work in the field of optical properties of nanostructures and other solid state systems.

Date and venue

The workshop will take place at the **Tumski Hotel** in Wrocław and at the Wrocław University of Technology on **14-16 February 2011** (Monday morning till Wednesday afternoon).

Keynote speakers

Martin Axt, Universität Bayreuth

Manfred Bayer, Technische Universität Dortmund

Markus Betz, Technische Universität Dortmund

Rudolf Bratschitsch, Universität Konstanz

Irene D'Amico, University of York

Alfred Forchel, Universität Würzburg

Piotr Kossacki, Uniwersytet Warszawski

Paweł Hawrylak, NRC Institute for Microstructural Sciences, Ottawa

Włodzimierz Jaskólski, Uniwersytet Mikołaja Kopernika, Toruń

Andreas Knorr, Technische Universität Berlin

Bartłomiej Szafran, AGH Kraków

Conference phone no: +48 607 949062
(Sunday noon – Thursday noon)

Registration & Fees

Participation in the Workshop is by invitation/recommendation only. There is no conference fee. Participation costs (coffee breaks and lunches) of all the accepted participants will be covered by the organizers.

Program Committee

Tilman Kuhn

Jan Misiewicz

Paweł Machnikowski

Organizing Committee

Ewa Popko

Katarzyna Roszak

Paweł Machnikowski

Funding

Collaboration grant between the research groups at University of Münster (Prof. **Dr. Tilman Kuhn**) and Wrocław University of Technology (**Dr. Paweł Machnikowski**), funded by the **Alexander von Humboldt Foundation**.

Supplementary funding: Institute of Physics and Centre for Advanced Materials and Nanotechnology, Wrocław University of Technology; Münster University; EU Regional Development Fund (TEAM project of the FNP)
